

What Other Educators Are Saying About Richard Landry's Motivational Assembly Programs...

Norris City – Omaha Elementary School

Please let me take this opportunity to recommend the magic performance of Richard Landry. Mr. Landry performed his magic show incorporating his theme “Drug Free-That’s Me!” for our school during Red Ribbon Week. He did an outstanding job of not only entertaining the children, but helping the students to understand how choices they make now can have an affect on their entire lives.

Mr. Landry was very cooperative and easy to work with. He was here well in advance to set up his props, and his performance was well planned and successful. I would recommend him to perform in any school.

Sincerely Yours, Sandy Burke / Assistant Principal

Gibson City – Melvin – Sibley Community Unit School District #5

Our experience with Mr. Landry was great! The two programs for our Elementary students were fun and memorable. The students had a blast! Most importantly, they came away not only with positive memories of the program, but also reinforcement for reading. The teachers were very complimentary of Mr. Landry and the assemblies. Thank you very much for providing a wonderful and inspiring experience for our students!

Richard Landry student assemblies are great!! All our Pre-K through Sixth grade students enjoyed the show and several have been heard quoting your words of wisdom. The 3 R’s and Don’t Lose Your Head were perfect topics for our students. Thank you so much for coming to Hamilton Elementary, we will look forward to future shows.

We enjoyed your “Drug Free That’s Me” show very much. The magic was great and the students loved the involvement. Since our theme was drugs, the message was clear. We had about 300 students at each program and they seemed attentive and involved. The students hope to see Snowball again. Thank you for your professionalism and promptness.

Sincerely, Denise Dickerson - Teacher & PTO Chairperson

I was impressed with his professionalism: he arrived at the exact time promised, set up himself and was ready to go early. He was enthusiastic and well received by staff and students. His magic was set within a reading theme, providing a meaningful message.

Mr. Landry performed at our literacy kick-off programs for our “WSEC Magic of Reading Tour” this year. We were looking for a presenter who could incorporate reading and literacy themes into our events and Richard Landry was absolutely perfect! He had the full attention of the children and his use of audience participation, props, and comedic timing help make the performances very memorable. Mr. Landry’s program is a breath of fresh air and is educational, motivational and FUN!

"I would like to take this opportunity to let you know that I would recommend your performance to anyone who asked me. Your show was very upbeat and funny. You captured the attention of the children and kept it through the whole show.

I was especially impressed with the genuine caring you showed to our children. You were very polite, very upfront about how you would choose volunteers and knew exactly what would make them laugh.

Thank you so much for incorporating your love of books and reading into the program."

"I wish to recommend Mr. Landry for A Touch of Magic program at your school or student group. Mr. Landry performed to a record crowd of parents, children and family members at our evening event. In addition to the entertainment value, Mr. Landry brought an educational message to the children and parents that reading is fun, informative and important. Please feel free to call me, or our staff coordinators (Brenda Sparrow or Lynne Ward), if you would like more information."

South Shores Elementary - Decatur, IL

"Richard presented his message "DON'T LOSE YOUR HEAD" to my school on October 28, 2003 to help promote our Character Education Program. As the Principal, I was at the front of the room and was able to watch the audience. They laughed, opened their mouths with awe, and participated in it entirely. I think Mr. Landry held their attention better than anyone I have had. The best testimonial to a good performance is the evaluation of the staff. They laughed and participated right along with the students. I would recommend Mr. Landry to any school that needs a great message and a great presenter."

"Mr. Landry presented his Three R's program to our student body. The students ranging in age from Pre-K to 8th grade enjoyed the program greatly. The message was a very positive way to encourage respect of self, others and property. Several students were also able to participate in the presentation. Mr. Landry seems to really care about children. He has a great message presented in a unique and entertaining way. I would recommend his programs to any other school or organization."
